WITH MAKEUP AS YOUR ACRYLIC AND AN APPLICATOR YOUR BRUSH, PAINT A CANVAS from brow to cheek with incomparable palettes and compacts. A baccalaureate

from European École des Beaux Arts need not. From ornate ambers to iridescent champagnes, channel your inner artist with this season's leading long-wear shadows and dramatic lacquers that lift and sculpt. Regardless the motif or occasion, *le visage* is your landscape. In pewter to aged bronze and aubergine, whether you fancy cubism, pop art, la belle époque or impressionism, these *au courant* autumnal cosmetics are devices to mold a truly personal look.

When it comes to choosing your makeup, favor authenticity, timeless shaping and contour-ability—not just a pretty façade. Look for durable, fuss-free formulas that trumpet versatility and color fidelity—characteristics of respected names such as these featured brands—over complex imitations of the originals. Create a work to make Monet himself envious. Discover these tools and start your masterpiece. ■
